

Origami Flapping Bird

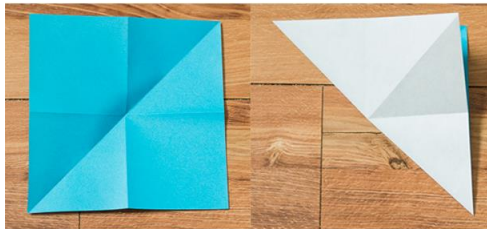

1. Start with the white side up. Fold the paper down.

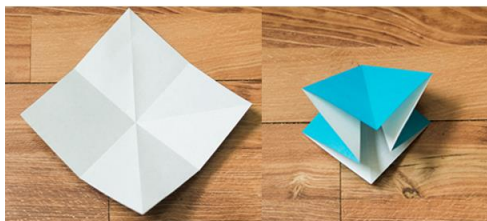

2. Open the paper back up. Fold it to the right.

3. Flip the paper over. Fold it diagonally down as shown.

4. Open the paper. Fold it diagonally up as shown.

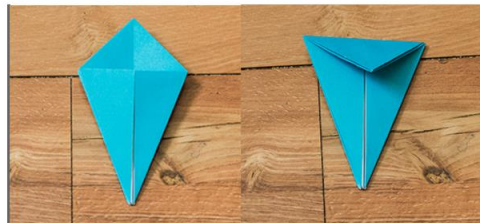

5. Lay paper as shown. Bring side points to bottom point.

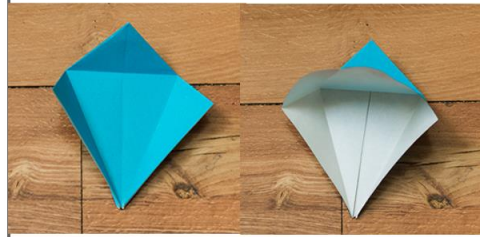

6. Flatten. Fold lower edges to center vertical line.

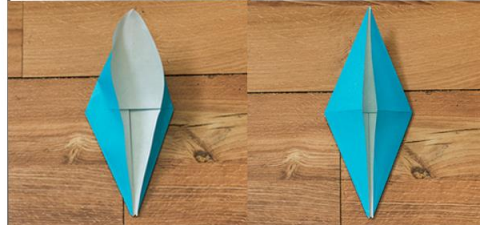

7. Flip over and do same on other side.

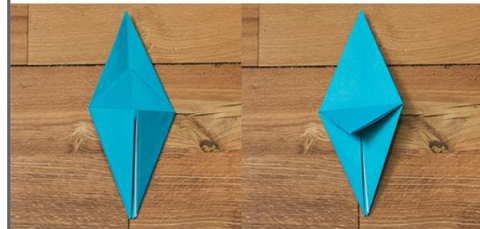

8. Fold top point down to make a crease.

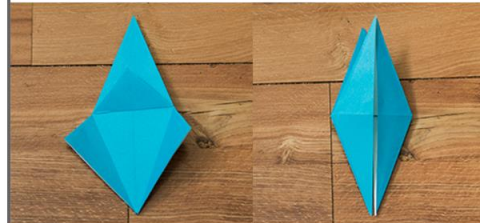

9. Unfold side flaps. Grab top layer at bottom point and start lifting it up.

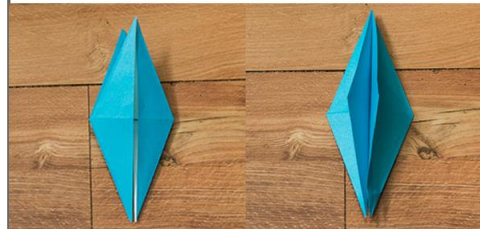

10. Bring sides to center vertical line. Flatten.

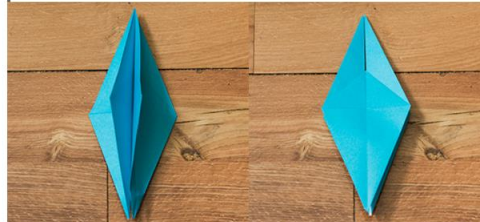

11. Flip over. Fold triangle down to make crease.

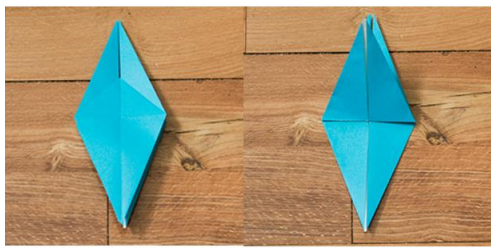

12. Repeat process in Steps 9 and 10 on this side.

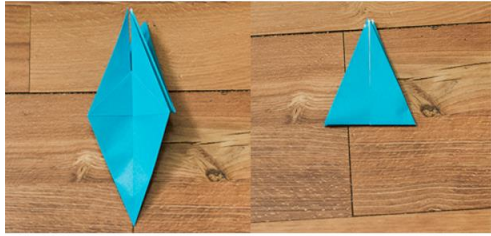

13. Bring left and right front sides together in front.

14. Bring left and right back sides together in back. Lay flat as shown.

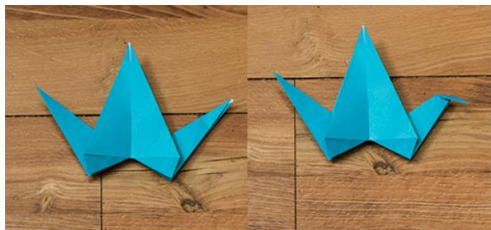

15. Fold the bottom front point up to the top.

16. Flip over and fold the bottom point up to the top.

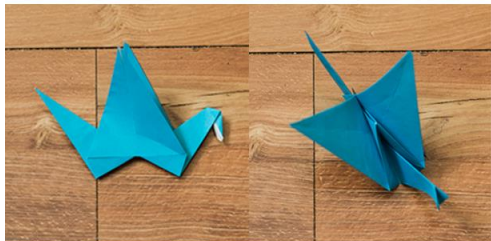

17. Grab the inner points and pull them down as shown.

18. Fold over one of the sides to make a crease for the head.

19. Open up and push the head to the middle of fold.

20 Curve wings a little bit before flapping them the first time.
